

University of Leeds Classification of Books

Psychology

[A General]

- A-0.01 Periodicals
- A-0.02 Series
- A-0.03 Collections of essays, Festschriften etc.
- A-0.04 Bibliography
- A-0.05 Research in progress or completed
- A-0.06 The practice and profession of psychology; teaching; career development
- A-0.19 Dictionaries, encyclopaedias
- A-1.1 Biography
- A-2 Philosophy of psychology; critiques of the nature and value of psychology
- A-3 Theories of psychology; general explanations of human behaviour [*cf* E-2, E-7.2]; particular schools and systems (unless better placed in B/R)
- A-4 General texts
- A-9 Psychology in relation to other subjects

[B Techniques, methods]

- B-1 General; theory construction
- B-2 Qualitative methods and grounded theory
- B-3 Experimental psychology
- B-3.1 Experimental design
- B-3.2 Experimental artefacts
- B-5 Psychophysics
- B-7 Psychometrics; mental tests in general
Personality and intelligence tests: see J-4, J-5
- B-7.1 Test construction and validation
- B-9 Mathematical psychology, including signal detection and information theory [*for cybernetics, see* General Science A-20]; mathematical models
- B-11 Statistical methodology
- B-13 Use of computers
- B-30 Other aspects

[C Physiological psychology: behavioural aspects]

- Pure physiology: General Biology E-2*
- Biological rhythms: Zoology E-2*
- Endocrinology (hormones): General Biology E-3, Zoology E-3*
- Pharmacology: General Biology U-5.3*
- Neurophysiology: Zoology E-2.8*

- C-1 General
- C-2 Neuropsychology (brain and behaviour)
- C-4 Psychophysiology and biofeedback (including electrical stimulation of, and recording from, the brain)
- C-7 Sensory physiology
- C-8 Emotion (physiological aspects)
- C-9 Learning and memory (physiological aspects)
- C-10 Motivation, general (physiological aspects)
- C-10.1 Specific drives (physiological aspects)
- C-11 Hormones and behaviour
- C-12 Biochemistry and behaviour
- C-14 Psychopharmacology
- C-17 Physiological aspects of sleep and dreams
- C-30 Other aspects

[D Perception]

Physiological aspects: C-7

- D-1 General; consciousness
- D-2 Attention and vigilance [for signal detection, see B-9. cf also E-4/E-6]
- D-4 Visual perception (Sight)
 - D-4.1 Colour perception
 - D-4.2 Subliminal perception
 - D-4.3 Perception of movement
 - D-4.4 Perception of pattern and form
 - D-4.5 Perceptual adaptation
- D-5 Auditory perception (Hearing)
- D-6 Gustatory and olfactory perception (Taste and smell)
see also Food Science K
- D-7 Cutaneous perception (Touch)
- D-8 Proprioceptive and kinaesthetic perception
- D-12 Illusions
- D-30 Other aspects

[E Learning & memory]

- E-1 Learning in general
- E-2 Theories of learning; behaviour theory
- E-3 Verbal learning
- E-4 Stimulus response; reflexes
- E-5 Discrimination learning; stimulus selection
- E-6 Reinforcement
- E-7 Conditioning
 - E-7.1 Classical conditioning
 - E-7.2 Operant conditioning; operant behaviour
- E-9 Memory
- E-12 Perceptual and motor skills
- E-30 Other aspects. Aversion learning

[F Emotion; Motivation]

- F-1 Emotion and feeling in general; affective psychology
- F-2 Arousal and stress
- F-4 Motivation in general; theories of motivation
 - F-4.1 Human motivational studies
 - F-4.2 Animal motivational studies *see also Zoology E-4*
- F-6 Instincts; instinct theory

F-7	Appetite, desire, in general	
F-8	Hunger; thirst	
F-9	Sex	
F-10	Love; affection; attachment theory	
F-11	Curiosity; exploration	
F-12	Pleasure; happiness	
F-13	Pain; suffering	
F-14	Fear; anxiety	
F-15	Aggression; hatred; anger	<i>Social context: see M-6.1</i>
F-16	Power	
F-17	Punishment	
F-18	Laughter; humour	
F-19	Achievement; success	
F-25	Other emotions, feelings and drives. Guilt, shame, grief	
F-30	Other aspects. Morals	

[G Comparative psychology; Experimental animal behaviour]

G-11/16 applied only to laboratory studies.

For animal field studies see Zoology E-4

G-1	General
G-7	Behaviour genetics
G-10	Sensory processes
G-11	Activity and exploration
G-12	Learned behaviour
G-13	Memory
G-14	Social behaviour
G-16	Development
G-30	Other aspects

[H Cognition]

H-1	General; theories	
H-1.1	Cognitive consistency	
H-1.2	Cognitive dissonance	
H-2	Thinking; reasoning	
H-2.1	Problem-solving	
H-2.2	Decision-making; judging	
H-4	Concept formation	
H-5	Specific concepts: time, space, causality, chance	
H-6	Intelligence and intellect	<i>Individual intelligence: see J-5</i>
H-6.1	Genetic epistemology	<i>Cognitive development: see K-4.2</i>
H-7	Imagery	
H-8	Creativity; imagination	
H-10	Language and communication	
	<i>Linguistic development, see K-4.2</i>	
	<i>Social communication: see M-10</i>	
	<i>Psycholinguistics, see principally Linguistics C</i>	
H-30	Other aspects	

[J Personality & individual differences]

J-1	Personality in general; personality development; the self	
J-2	Theories of personality	
J-3	Expressions of personality	
J-4	Personality assessment and tests	<i>cf Clinical assessment, P-3</i>

- J-5 Individual intelligence and intelligence tests [*cf B-7*]; gifted people
- J-7 Abilities and aptitudes
- J-9 Differential psychology in general; character types
- J-11 Sex difference; psychology of women
- J-11.5 Psychology of men
- J-13 Ethnic difference
- J-15 Genetic difference
- J-30 Other aspects

[K Developmental psychology]

- K-1 General
 - K-1.1 Methodology
- K-4 Special areas of development (not treated by age); theory of mind
 - K-4.1 Emotional and personality development
 - K-4.2 Intellectual development (including language)
 - K-4.3 Social development
 - K-4.4 Motor development *In adulthood: see E-12*
- K-5 Play
- K-6 Gestation and infancy (up to 2 years)
- K-7 Pre-school and early childhood (2-10 years)
- K-8 Later childhood and adolescence
- K-10 Maturity and ageing
- K-11 Death & dying
- K-30 Other aspects

[L Educational psychology]

- See also Education 370.15*
- L-1 General
- L-4 Learning (academic); training *see also N-3*
- L-7 Educational counselling and guidance *Vocational guidance: see N-2*
- L-30 Other aspects

[M Social psychology]

- M-1 General
 - M-1.1 Techniques
- M-2 Social perception and motivation, social representations, social cognition
- M-2.1 Consumer behaviour
- M-4 Attitudes and prejudices; persuasion
 - M-4.1 Attitude testing; opinion polls
- M-5 Effects of mass communication
- M-6 Social interaction and personal relationships; game and role theory
 - M-6.1 Social conflict
 - M-6.2 Social class *See principally Sociology F-3*
- M-8 Socialization *See also K-4.3*
- M-10 Social communication; social dissemination of ideas
 - M-10.1 Non-verbal communication (human)
- M-13 Group behaviour
 - M-13.1 Small groups (including families) *For marital dyad see M-6*
 - M-13.2 Leadership
- M-14 Inter-group relationships
- M-15 Cross-cultural psychology
- M-20 Environmental psychology
- M-30 Other aspects

- [N Occupational & organizational psychology]**
 See Management *for practical aspects*
- N-1 General
 - N-2 Occupational selection and guidance; interviews
 - N-3 Industrial training
 - N-4 Career development
 - N-6 Job performance, motivation and satisfaction
 - N-7 Human relations at work *cf N-10*
 - N-8 Conditions of work; industrial health
 - N-9 Ergonomics [*psychological aspects; see principally Mechanical Engineering K-14*]; human factors engineering
 - N-10 Organizational structure; industrial relations; teamwork
 - N-12 Organizational change
 - N-30 Other aspects
- [P Clinical & abnormal psychology]**
- P-1 General psychopathology
 - P-2 Classification of disorders
 - P-3 Clinical assessment; psychological testing (for abnormality)
 - P-4 Theories of disorder
 - P-5 Mental health services
 - P-6 Mental health (normal)
 - P-7 Epidemiological studies
 - P-8 [Divisions of psychopathology; not used without sub-divisions]
 - P-8.1 Organic psychoses
 - P-8.2 Functional psychotic disorders; schizophrenia; paranoia; hallucinations
 - P-8.3 Neurotic disorders; anxiety states; phobias; eating disorders
 - P-8.4 Psychosomatic disorders
 - P-8.5 Disorders of childhood
 - P-8.9 Other disorders (specific) e.g. amnesia, autism, Alzheimer's disease, affective disorders
 - P-10 Psychological aspects of physical disease
 - P-11 Health psychology
 - P-12 Learning disabilities
 - P-15 Deviant behaviour *Sociological aspects, see Sociology M*
 - P-15.1 Crime and delinquency
 - P-15.2 Addiction and drug abuse
 - P-15.3 Sexual deviation *For its biological basis, see Zoology E-2, E-3*
 - P-30 Other aspects. Psychogeriatrics
- [Q Treatment, Therapy, Counselling]**
- Q-1 General
 - Q-3 Counselling; theories of counselling
 - Q-5 Psychotherapy
 - Q-5.1 Psychoanalysis
 - Q-5.12 Freud (all aspects)
 - Q-5.14 Jung (all aspects)
 - Q-5.2 Other psychotherapies, e.g. hypnosis, Gestalt therapy
 - Q-7 Behaviour therapy and modification
 - Q-9 Group therapy
 - Q-10 Family therapy *No longer used. Now in Health Sciences WM 430*
 - Q-10.2 Child abuse *See also Social Policy K-6*
 - Q-11 Personal growth movements; transactional analysis
 - Q-12 Treatment of children

- Q-13 Mind/body education
- Q-14 Drug therapy See also General Biology U-5.3
- Q-16 Physical methods of treatment
- Q-16.1 Institutions
- Q-18 Arts therapies
- Q-18.1 Art therapy
- Q-18.2 Drama therapy
- Q-18.3 Dance therapy
- Q-18.4 Music therapy
- Q-20 Community mental healthcare
- Q-30 Other aspects. Rehabilitation

R-0 Parapsychology
e.g. ESP. psychokinesis. For occult sciences, see Occultism

Leeds Psychology	Health Sciences BF
Psychology A-0.01	Health Sciences Periodicals cxxx
Psychology A-0.02	HSL practice is to catalogue title with subject
Psychology A-0.03	Health Sciences BF 21-28 (see BF Schedule) (divided by language)
Psychology A-0.04	Health Sciences Z 86
Psychology A-0.05	Health Sciences BF 76.5
Psychology A-0.06	See schedule Health Sciences BF 75-77
Psychology A-0.19	Health Sciences Z 320 for Reference volumes OR Health Sciences BF 31 for standard loan dictionaries

Psychology E-3	Health Sciences BF 318
Psychology E-4	Health Sciences BF 319
Psychology E-5	Health Sciences BF 319.5
Psychology E-6	Health Sciences BF 319.5
Psychology E-7	Health Sciences BF 319

Psychology E-7.1	Health Sciences BF 319.5
Psychology E-7.2	Health Sciences BF 319.5
Psychology E-9	Health Sciences BF 371 <i>(For special topics relating to memory see BF 378)</i> <i>(for children see BF 723)</i> <i>(for aging process see BF 378)</i> <i>(for memory disorders see WM 173.7)</i>
Psychology E-12	Health Sciences BF 295
Psychology E-30	5 books at this classmark <i>(For aversion learning see BF 319.5)</i> <i>(Rigidity of behaviour see BF 335)</i> <i>(Implicit learning see BF 319.5)</i> <i>(Future memory see BF 1325)</i>

Psychology F-1	Health Sciences BF 531
Psychology F-2	Health Sciences BF 575
Psychology F-4	Health Sciences BF 503
Psychology F-4.1	Health Sciences BF 503
Psychology F-4.2	No books at this classmark
Psychology F-6	Health Sciences BF 685
Psychology F-7	1 book at this classmark. Move to Health Sciences BF 175.5
Psychology F-8	Health Sciences WM 175
Psychology F-9	Health Sciences BF 692
Psychology F-10	Health Sciences BF 575
Psychology F-11	Health Sciences BF 323 <i>(for book "Conflict, arousal, curiosity" move to BF 199)</i> <i>(Book "Advances in intrinsic motivation" move to BF503)</i> <i>(Book "Confronting death.." move to BF 789)</i>
Psychology F-12	Health Sciences BF 515
Psychology F-13	Health Sciences BF 515

Psychology F-14	Health Sciences BF 575
Psychology F-15	Health Sciences BF 575
Psychology F-16	No books at this classmark
Psychology F-17	Health Sciences BF 319.5
Psychology F-18	Health Sciences BF 575
Psychology F-19	Health Sciences BF 637
Psychology F-25	114 books at this classmark. See schedule Health Sciences BF 575 <i>For grief see BF 575 (grief in children WS 105.5)</i> <i>Shame BF 575</i> <i>Guilt BF 575</i>
Psychology F-30	<i>For Sports see Sports Science P</i> <i>For "Attraction Paradigm" shelve at Sociology F-1.5</i> <i>"Optimal experience " see BF 311 (consciousness)</i> <i>For morals – See Philosophy L-2 (Psychology of ethics)</i> <i>For "Volitional Action" see Health Sciences BF611</i> <i>For "Survival Psychology" see Health Sciences BF</i>

	<p>789 (disasters) For "Politics of cruelty" perhaps Sociology N-70? (Penology) For "Emotions and memory" see BF 371 For "Psychology of Sport.." see Sports Science P-1 For "Psychology of rights and duties" Law C-20? For "Taking care: understanding..." see BF697.5</p>
Psychology G-1 (Class all books from G-1 to G-30 at Health Sciences BF 671). See also Zoology.	Health Sciences BF 671 (books in English language)

Psychology G-7	Health Sciences BF 698.9
Psychology G-10	Better to move to Zoology E-2.8?
Psychology G-11	Health Sciences BF 671 For "Hippocampus..." see Health Sciences WL 337 For "Fast oscillations.." see Health Sciences WL102.5 For "Mentality of apes" and "Biology of art" move to Zoology B-9.8 For "explorations in exploration" move to Health Sciences BF323 For "Understanding girls friendships" move to Health Sciences BF 723
Psychology G-12	Health Sciences BF 671 (for learning in humans see BF 319)
Psychology G-13	Health Sciences BF 671 (human memory see BF 371)
Psychology G-14	Health Sciences BF 671
Psychology G-16	Health Sciences BF 671
Psychology G-30	Health Sciences BF 671

Psychology H-1.1	Health Sciences BF 311
Psychology H-1.2	Health Sciences BF 311
Psychology H-2	Health Sciences BF 441 For Reasoning see BF 442
Psychology H-2.1	Health Sciences BF 449
Psychology H-2.2	Health Sciences BF 448 For judgement see BF 447
Psychology H-4	Health Sciences BF 443
Psychology H-5	Health Sciences BF 467 for time see BF 468 for space see BF 469
Psychology H-6	Health Sciences BF 431
Psychology H-6.1	Health Sciences BF 431
Psychology H-7	Health Sciences BF 367
Psychology H-8	Health Sciences BF 408
Psychology H-10	Health Sciences BF 637 For psycholinguistics see BF 455

Psychology H-30	<i>For lucid dreaming see BF 1078</i>
Psychology J-1	Health Sciences BF 698
Psychology J-2	Health Sciences BF 698
Psychology J-3	Health Sciences BF 698
